

Transforming Cardio-Oncology Care

uMR 570® MyoStrain® | Complete Cardiac Solution

United Imaging, a global leader in advanced medical imaging and radiotherapy equipment, has partnered with Myocardial Solutions Inc. to help bring a dedicated MRI-based cardio-oncology solution to cancer centers and hospitals. The partnership expands MyoStrain® availability in the United States, enabling physicians manage and monitor patient heart health during and after cancer treatment.

United Imaging is the preferred provider for MyoStrain® and has received FDA 510(k) pre-market clearance, combining Myocardial Solutions' proprietary rapid, non-invasive MyoStrain® heart function test with United Imaging's powerful and robust uMR® 570 MRI system.

Fast Cardiac MRI System

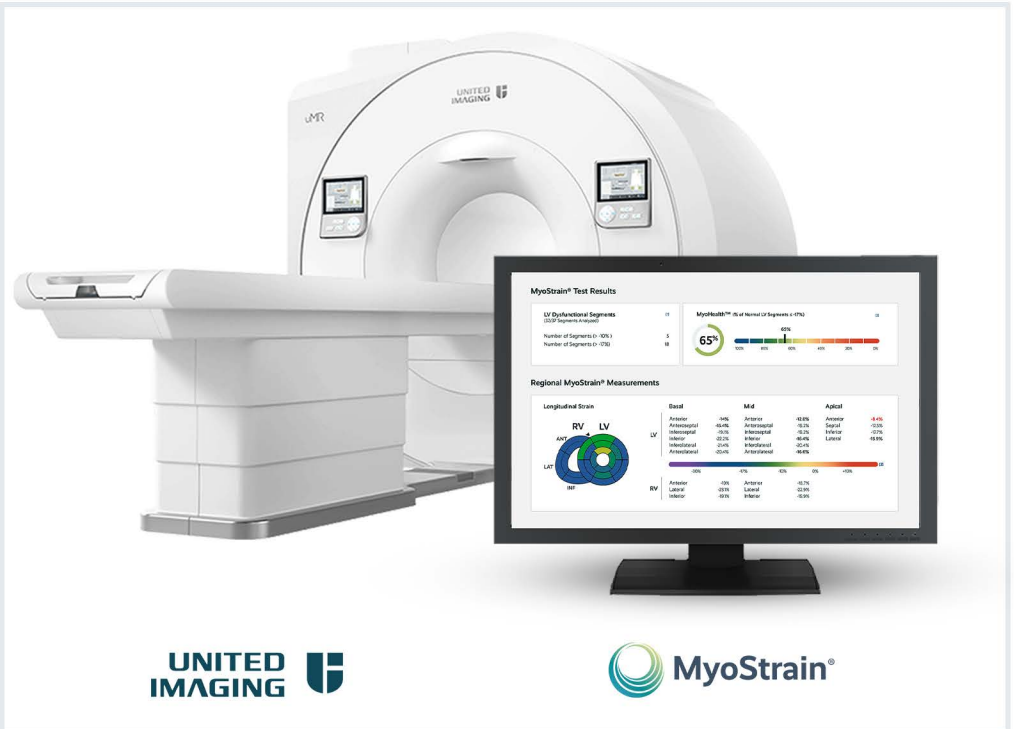

- + 70-cm wide-bore 1.5T MR
- + Jointly-developed, fully-integrated Fast-SENC MRI sequence
- + Easy-to-use system

Complete Turnkey Solution

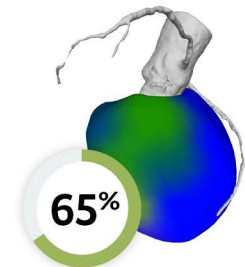

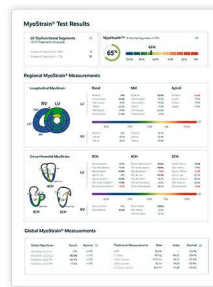

- + Dedicated project management for MRI system installation
- + MyoStrain implementation package for start-up training

Customer-Focused

- + Software Upgrades for Life
- + United Performance Guarantee
- + All-in continuous uMR 570 applications training

Rapid MRI-Based Heart Function Test in Under 10 Minutes

Powerful and Robust uMR 570 with MyoStrain® Fast-SENC 12-heartbeat MRI pulse sequence

uExceed Operating System and EasyScan Cardiac Localizer

Fast, Reproducible MyoStrain® Report of 48-Segment Circumferential and Longitudinal LV & RV Strain

Personalized Patient MyoHealth™ Score of Percent Normal Functioning LV Myocardium
